PROJECTS

Blogging Site| ReactJS, MongoDB, Tailwind CSS
- Created a ReactJS site using the Vite engine, leveraging various libraries and packages. Implemented MongoDB for backend, storing user and blog data. Users can create accounts, log in with credentials, and publish their thoughts through a personalized blog feature.

Email Sender | Python, HTML, CSS.
- Through this particular type of web application, we can send emails straight to recipients.
- It has Not required to go any existing mail portal like Gmail, Yahoo, etc....

Artistic Gallery | PHP, HTML, CSS, JavaScript, Bootstrap
- People can find their favorite paintings to buy as well as information about the exhibition using the app artistic gallery.
- This website also has an online transaction and Billing mechanism for the consumers. The painter and the website administrator may both control their paintings and profits on their responsive dashboards.

TECHNICAL SKILLS

↘ **Programing Languages:**
  C++, PHP, Python (Basic)
↘ **Web Technologies:**
  HTML5, CSS, JavaScript.
↘ **Frameworks:**
  ReactJS, Bootstrap, Tailwind CSS.
↘ **Database:**
  MongoDB, MySQL, PostgreSQL

SOFT SKILLS
- TIME MANAGEMENT
- PROBLEM SOLVING
- ADAPTABILITY
- GROWTH MINDSET
- COMMUNICATION

CERTIFICATION

Data Camp:
- INTRODUCTION TO SQL,
- INTRODUCTION TO PYTHON

IBM (Coursera):
- HTML, CSS, JAVASCRIPT FULL INTRODUCTION TO WEB-DEVELOPMENT

IIT BOMBAY (SPOKEN TUTORIAL):
- PHP & MYSQL TRAINING
- ARDUINO TRAINING

Achievements
✓ **TCS NQT 78%** Overall Sections.

Languages
- GUJRATI (MOTHER TONGUE)
- ENGLISH
- HINDI
